## 3.0 RESPONSIBILITY

- 3.1 The senior Global Sourcing executive within GWS ensures that this policy is developed and deployed.
- 3.2 GWS Global Sourcing leadership ensure deployment of this policy.

## 4.0 POLICY

- 4.1 We must have clear, concise, and maintained specifications / standards (requirements) for goods and services. These requirements will be communicated to suppliers to ensure their full understanding and suitability for purpose.
- 4.2 New suppliers must be approved before they can provide goods or services. Supplier approval may consist of a supplier due diligence evaluation and Delegation of Authority approvals per the Vendor and Third Party Administration Process BOS 13-29-207.GWS.GLB and if deemed necessary, a formal review via an onsite audit by GWS. The candidate supplier's product will be evaluated / tested to ensure compliance to the established requirements.
- 4.3 Approved suppliers must perform to the satisfaction of GWS and demonstrate continuous improvement to develop their capabilities. A system must be maintained to evaluate and measure the supplier's performance. Strong suppliers are recognized and weak suppliers are removed from future consideration. Periodic re-evaluation per the Vendor and Third party Administration Process 13-29.207.GWS.GLB is required.
- 4.4 Suppliers must take corrective action and are responsible for any non-conformity of performance. A system must be maintained to track such supplier non-conformities, associated corrective action, and any related warranty recovery.
- 4.5 A method must be maintained to control supplier initiated changes that would affect quality, price, fitness for use, or performance. Suppliers must inform CBRE prior to delivering goods or services affected by such changes.
- 4.6 Status of approved suppliers will be maintained in our Enterprise Resource Planning (ERP) systems or equivalent. Revision of supplier information, addition, or removal of suppliers must be approved and recorded per Vendor and Third Party Administration Process BOS 13-29.207.GWS.GLB
- 4.7 A contract is required with an approved supplier to protect GWS from unnecessary risks. This will take the form of a purchase order, supply agreement, a subcontract agreement, or a mutually

negotiated formal contract per the Purchasing Policy 13-29.105.GWS.GLB and Non-PO Supplier Policy 13-29.102.GWS.GLB. All such contracts will reference the Global Terms and Conditions of Purchase and Standards of Business Conduct found at [www.cbre.com/suppliertermsandconditions](http://www.cbre.com/suppliertermsandconditions) and [www.cbre.com/codeofconduct](http://www.cbre.com/codeofconduct).

- 4.8 GWS employees committing company funds for the purchase of goods or services shall encourage meaningful participation of diverse suppliers.
- 4.9 Records for all transactions involved in sections 4.1 through 4.9 shall be maintained.

## 5.0 RECORDS / LOGS

- 5.1 Each Policy mentioned in section 4.0 will have a record retention and management section that must be followed.

## ADDING A SUPPLIER

A new supplier should only be added to the Vendor Master File if there is no existing supplier that can provide the goods or services required. The requester must investigate all opportunities to utilise an existing supplier prior to submitting a new request.

Prior to adding a supplier to the Vendor Master File the Vendor and Third Party Administration Process (13-29.207.GWS.GLB) must be reviewed. To download a copy of the Vendor and Third Party Administration Process please use the following link to the integrity portal. Select your country. The Vendor and Third Party Administration Process can be found under the Purchasing section of the page.

## PLEASE NOTE - THIS FORM AND PROCESS CANNOT BE USED TO ADD SUPPLIERS CLASSIFIED AS HIGH RISK. YOU MUST FOLLOW THE HIGH RISK SUPPLIER ACCREDITATION GUIDELINES (13-29.806.GWS.GLB).

Suppliers classified as High Risk are as follows: Agent/Sales Consultant, Customs Broker, Freight Forwarder and Government Facing Business Consultant. For a full list of supplier types and their descriptions please click the button below:

## Global Preferred Supplier List

Global WorkPlace Solutions has a Global Preferred Supplier List (GPSL). This list can be found on the Integrity Portal. This list should be used to investigate if an already approved and active supplier can be used to deliver the goods or services required prior to submitting a request to add a new supplier to the ERP. Should an existing supplier be found you should utilise this supplier and end the request to add a new supplier.

You can review the GWS Global Preferred Supplier list by clicking the link below:

[Click here to link to Global Preferred Supplier List](#)

## Strategic Category Management Program

Global WorkPlace Solutions has implemented a Global Strategic Category Management Program. This program will develop and deploy the best in class suppliers, globally and regionally, for each major service line utilising a standardised, leveraged, approach; capturing value through supplier rationalisation and continuous improvement. Suppliers being added to the Vendor Master File that fall into categories currently in scope should have the relevant category leaders approval. For details of the Strategic Category Management Program please review the Strategic Category Management portal pages which can be found using the following link:

[Click here to link to the Strategic Category Management Portal Pages](#)

## GWS Delegation of Authority Matrix

Approvals must be sought in accordance with the Global WorkPlace Solutions Delegation of Authority (DOA) (DOA\_Matrix\_14\_00\_500A.GWS) The GWS DOA can be located on the integrity portal. To navigate to the integrity portal please use the link JCI Integrity Portal link below. This link will take you to the landing page, on the right hand side of the page you will find the link to GWS DOA Documentation and matrix you will require to determine the correct approvals for your request.

### Due Diligence Requirements

New Supplier requests must be accompanied by required due diligence. Due diligence requirements vary dependant on your request. Details of required due diligence are set out in the Vendor and Third Party Administration Process (13-29.207.GWS.GLB) referenced at the top of the guidance notes. You must ensure that evidence of supplier due diligence is attached to your request.

### Health & Safety Requirement

It is a GWS requirement that a Health & Safety Questionnaire is completed in conjunction with all new suppliers. Health & Safety Questionnaires are provided in a number of languages. You will be provided with the option to select a desired language when completing the form. If there is a reason why the Health & Safety form cannot be completed please liaise with your local Sourcing representative. If there are any Health & Safety Specific questions please liaise with your local EHS representative.

### Business Operating System (BOS)
